WRITTEN BY HARRISON BLEIBERG

We here at Stream Childcare Academy are taking on challenges; not just the typical challenges of being a new business, but the very unique challenges of providing safe Childcare in a pandemic. We've implemented regular ULV antiviral fogging of the entire building, supervised regular handwashing, required temperature checks for everyone entering the building, and even introduced valet child drop-offs. By taking these precautions, we have stayed safe and enabled ourselves to continue providing excellent care for every one of our families.

We know that this has been a time filled with questions, concerns, and unprecedented choices for everyone. We here at Stream Childcare Academy are grateful for your trust, and we are humbled by your support and patience as we are constantly adapting to new regulations, following trends in education, and changing every day so that we may serve our community to the very best of our abilities.

Our Focus In October

Themes:
Pumpkins
Leaves
Fall
Farms
